Re: 2007/2008 – Pine Cove Fire Incident

Dear John B. Todd:

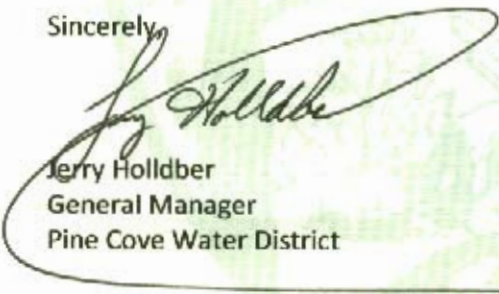

First and foremost, the committee that investigated this incident did a super job! They were very thorough and they did their homework. And, because of their efforts and recommendations, the following changes have been put in place:

- Weekend Standby: Employees will only use District vehicles when responding to emergencies.
- Employees have read and understand CVC Codes 21707 & 21708, pertaining to emergency scenes and fire hoses.
- The District has ordered or installed yellow warning lights for all District vehicle.

Once again, thanks for your efforts and professional manner in which you conduct business.

If you should have any other questions or comments, please don't hesitate to contact my office.

Sincerely,

Jerry Holldber  
General Manager  
Pine Cove Water District
